INTRODUCTION

The Dixie African Violet Society (DAVS) is a nonprofit organization, founded in 1956 to afford an association of persons with similar interest in African violets within an area not too vast for occasional meeting. There are thirteen states included in DAVS: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and Virginia Groups primarily concerned with growing and showing African violets in these states can become affiliate members of DAVS; however, individual membership is open to all persons world wide.

We offer special ribbons for the winner of the DAVS Collection Class. If your club is a DAVS Affiliate and you have a DAVS Collection Class, your members who are DAVS members can compete for the rosette. Entries in the DAVS Collection Class must be DAVS Registered Varieties from this book or new varieties registered after its publication.
